

# SINGAPORE ALLIANCE FOR SUSTAINABLE PALM OIL

## Towards a sustainable industry

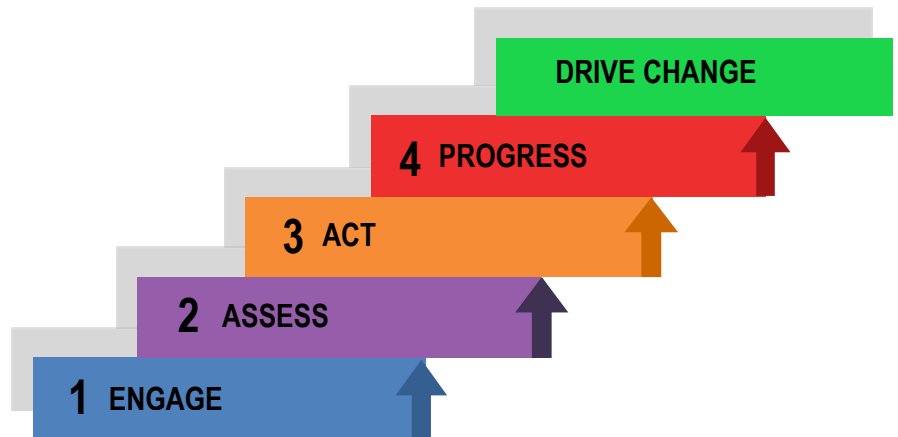

The Singapore Alliance for Sustainable Palm Oil is a regionally-focused industry-led, multi-stakeholder platform open to all stakeholders involved in the usage, trade and production of palm oil sharing common values.

### Aims of The Alliance:

Increase availability and usage of CSPO in Singapore & Southeast Asia through capacity building and awareness activities for businesses and consumers

### The Sustainable Journey:

Members of the Alliance have a **company-specific** and **progressive target**, committing to use 100% sustainable palm oil (CSPO) with the highest available supply chain standard option.

### Join the Alliance:

- ✓ **Make a commitment** towards an environmentally sustainable palm oil industry
- ✓ **Showcase your achievements:** SASPO is an voluntary initiative for the industry supported by the major NGO's and the government
- ✓ **Build capacity through SASPO:** share best practices and case studies, working groups on communication, policy and supply chain improvement
