

## Launch of

# SS ISO 37001:2016

## Anti-Bribery Management Systems — Requirements with guidance for use Managing Corruption Risk in Business with the New Anti-Bribery Standard

12 April 2017 (Wednesday) | 9.00am - 1.00pm

A clean business protects your company and employees, and enhances your company's reputation and competitive edge.

The new Singapore Standard, SS ISO 37001:2016 Anti-Bribery Management Systems - Requirements with guidance for use, reduces the risk of corruption in your business through an effective anti-bribery compliance programme. The new standard protects your investors and business associates, and sets your company apart as one which values ethics and fair play.
